(EPA #0612050)

Dear Mr. Harris:

As a result of the submission of proof that samples were submitted to private laboratories in the third quarter 2002 for Inorganic Chemicals ("IOC") and Radiologicals ("RAD"), the New Hampshire Department of Environmental Services ("DES") has determined that the violations identified in the Letter of Deficiency #WSEB 03-010, dated February 4, 2003, have been resolved. DES appreciates your cooperation in resolving this matter.

Please continue to submit water sample results according to your chemical monitoring schedule.

If you have any questions concerning this letter, please contact me at (603) 271-2854 or by e-mail at [aleach@des.state.nh.us](mailto:aleach@des.state.nh.us).

Sincerely,
